Panorama Holdings Establishes Scholarships for Underrepresented Students in Commercial Real Estate and Business

CHARLOTTE, NC- Panorama Holdings, based in Ballantyne, NC, has contributed to UNC Charlotte Belk School of Business to fund an annual scholarship to support underrepresented students pursuing careers in commercial real estate and business. Founder and president of Panorama, Jane Wu, is an alumna of the Belk College of Business having earned her Master of Business degree in 2007.

"I feel a deep appreciation to the University of North Carolina at Charlotte and am honored to establish this scholarship for underrepresented candidates to prepare themselves for a career in the real estate industry. At Panorama, we believe in creating achievable pathways for candidates who pursue careers in these industries. If we can enable more diversity of candidates to advance their studies or benefit from work experiences, then we are contributing to a better future," says Jane Wu, principal and founder of Panorama Holdings. "Panorama's growth over the last ten years has been led by a mostly female and multicultural team of real estate and finance professionals. Panorama wants to create more opportunities for students at UNC Charlotte to excel."

"Jane Wu ('07) is a dynamic business leader. She serves on our UNC Charlotte Foundation Board and the Childress Klein Center for Real Estate and has been a remarkable partner to UNC Charlotte's Belk College of Business," says Dr. Jennifer Troyer, Dean of the Belk College of Business at UNC.

Panorama Holdings is a boutique developer investing in urban core and second ring multifamily and mixed-use projects primarily in the Southeast U.S. Panorama Holdings is committed to investing in communities through development as well as creating and attracting jobs.
